

HONESTY & INTEGRITY

Do they still exist in today's retail market?

At Northwest Sleep Solutions we believe so...and that is what our business is founded on.

For over 20 years our owner has strived to keep mattress buying affordable and honest in Whatcom County.

What you won't find here are giant "reduction" sales where the prices are the same (or higher) than last week. No cleverly worded false claims to wade through to discern if there is any truth in the advertising.

What you will find here is the **best quality** for the **best price...everyday!**
